

NOTICE ON PACKED LUNCHES & SNACKS

For the safety of our children, please refrain from packing foods that contain nuts (all types, including peanut butter), or foods manufactured in a facility with nuts.

The YMCA is committed to limiting potential food allergens; therefore, parents should not send products that contain peanuts/tree nuts or have been manufactured in a facility with nuts. We make significant efforts to limit food with allergens. We cannot guarantee a 100% nut/allergen-free environment and therefore cannot be labeled as an allergen/nut-free facility.

Our Mission: to put Christian principles into practice through programs that build healthy spirit, mind and body for all.
